👤 Professional Profile

Experienced front-end developer specializing in React.js, responsive design, and Tailwind CSS, with a strong focus on delivering high-performance, visually appealing user interfaces. Additional expertise in backend technologies, including RESTful APIs, Node.js, and Express, providing a comprehensive understanding of full-stack development. Actively seeking opportunities to contribute technical expertise to innovative projects, enhancing user experience and driving business success.

🏢 Professional Experience

Freelance Graphic Designer

2020 - 2022

Remote

Delivered professional logos and promotional materials using Adobe Photoshop and Illustrator. Successfully managed end-to-end design projects from initial consultation to final product delivery, ensuring visually appealing and functional designs.

🔗 Key Projects

Portfolio Website

Ongoing

Designed and developed a personal portfolio using React.js and Tailwind CSS, featuring smooth animations with Framer Motion and GSAP. Integrated AI functionalities to enhance user interactivity.

Application de Gestion d'Agence de Location

Final Year Project (PFE)

Built a web application to manage vehicles, clients, and reservations for a rental agency using the MERN stack (MongoDB, Express.js, React.js, Node.js). Implemented real-time data updates and an intuitive user interface.

🎓 Education

Faculté des Sciences et Techniques d'Al Hoceïma (FSTH)

2024

Bachelor's Degree in Data Science and Software Development (IDDL)

Lycée Molay Ismail
